ECO-PROJECTS

The company, together with its partners, contributes to the improvement of the country's ecology

RESTORATION OF TUGAI FORESTS

To maintain the ecosystem after the fires in the Southern Balkhash region, OTLK ERA (a joint venture of KTZ, Russian Railways and Belarusian Railways) is implementing a project to restore tugai forests in Kazakhstan

As part of the initiative, more than 39,700 trees have been planted in the country from 2022 to 2024, with a total area of 14 hectares. 15,000 trees will be planted in 2025.

Tugai forests are a vital biotope for Bukhara deer and other ungulates. In addition, such forests are a natural water regulator.

IMPLEMENTATION OF THE ACTION "CLEAN KAZAKHSTAN"

As part of the development of a culture of respect for nature and the environment, in 2025 the Company is implementing an initiative to plant 120,000 seedlings of poplar, acacia, ailanthus and elm trees throughout Kazakhstan.

The direct planting of seedlings is carried out by employees of the KTZ group of companies. This initiative is supported by the railway workers of the republican movement "Clean Kazakhstan".

CONSTRUCTION OF SOCIAL FACILITIES

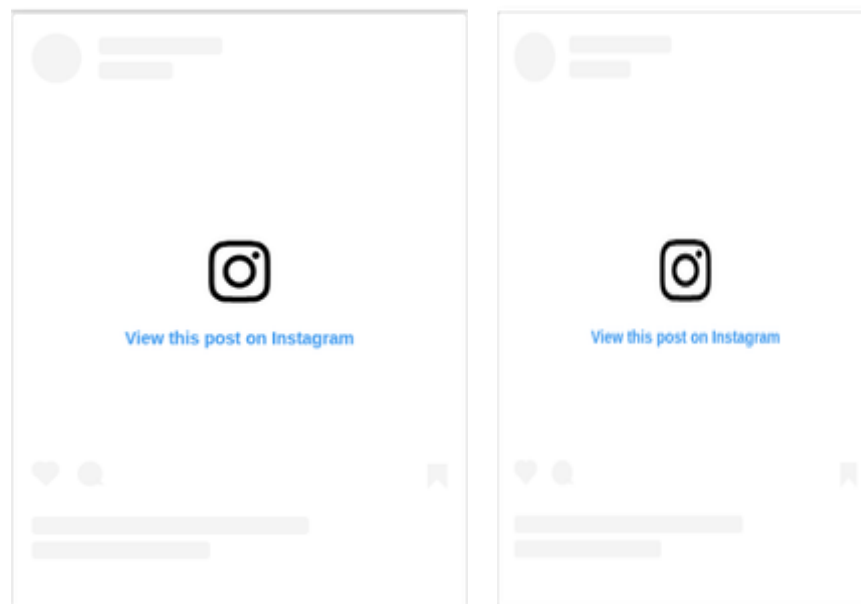

In 2025, the Company initiated several projects for the construction of social facilities in the regions of its presence, in particular:

1. Together with the branch trade union, a football field was built in Ekibastuz, which became a point of attraction not only for KTZ workers, but also for the children of the city.
2. A kindergarten for 140 children is under construction in Zharkent, Panfilovsky district, Zhetysui region. The main construction and installation works, external waterproofing and thermal insulation works, as well as external engineering networks have been completed.
3. An agreement has been signed with Wabtec to finance social projects as a joint contribution to the sustainable social development of the regions. The projects will cover the social infrastructure of the small towns of Shalkar and Sekseul
